Chris's custards are signature recipes made with the finest vanilla and cocoa. It is made fresh daily so it is always lusciously thick and creamy. It is made from grade A milk, cream, sugar and eggs and other premium quality ingredients. It has less fat and sugar than ice cream. It contains at least 10% butterfat and 1.4% egg yolk. Frozen custard achieves its creaminess through a production process that produces low air content with small and fewer ice crystals. This produces a dense, rich, smooth and creamy texture.

Custard
